A word from your President By Connor Fox

Hi everyone! Happy spring! I'm so thankful for the warmer weather on the horizon.

The Market is still going strong with very little inventory. This is probably very frustrating to a lot of us as we all have buyers looking for the same type of houses in the same price ranges. And, with that comes multiple offer situations like we've been dealing with the last several years. Interest rates are up and down, but it is important to tell buyers that it is still a great time to buy, and it is important to tell sellers (or anyone contemplating selling) that it is still a great time to sell. Stay optimistic with where the market is going!

Our next Rock-Green Membership meeting is coming up on April 12th at the Barn on Prairie. Be on the lookout for a registration form to sign up. We will be having a guest speaker come and talk to us about the Woodman's Sports Complex so it should be a very informative meeting!

I'm going to keep is short this month, but just another reminder that Vicky and Sue have new email addresses. Vicky's is vicky@rockgreenrealtors.homes and Sue's is sue@rockgreenrealtors.homes.

As always, don't hesitate to reach out if you'd like to get more involved with the association.

All the best,

Connor

Happy Easter

MLS INFORMATION:

***Personalize your CRS Tax Experience:

Set your Default County for Searching: From within CRS, open Settings at the top right. Select Default County Search, select up to 4 counties, click **Save**.

Customize your Results List: When viewing search results, you can toggle between Simple Results or Custom Results. You can customize what displays under Custom Results. Open Settings at the top right and select Custom Results List. From here you can select up to 10 columns and even set your desired display order by dragging and dropping. Click **Save** before closing.

Personally Brand CRS Tax Reports: Within the Branding option under Settings you have the option to upload a photo, logo, and other information you want to include on CRS reports. At this time, agent information does not flow from Paragon so you will need to keep this data updated manually.

***Realtor Level Access to Edit Listings Expanded:

Agents with standard Realtor level access can now edit all fields of data within their listing(s) with the exception of those fields that are contractual in nature (status, price, commission, Y/N questions, and address). These contractual fields can be modified by someone with a higher security level (ex: office admin or broker).

***Reminder to Remove Signs

The MLS has received multiple reports of "for sale" signs not being removed in a timely manner. Properties may only be advertised while the listing contract is in effect, so please remember to promptly remove all signs when a listing closes, expires, or is withdrawn. Thank you!

***Prior Home Page Hot Tips

All prior hot tips can be accessed by clicking the blue Past Home Page Hot Tips button on the bottom of the Paragon homepage. The tips are kept by month, and there is a search feature to help you find past tips.

***Keybox Access Hours Change with the End of Daylight Saving Time

Supra keyboxes come from the factory preset to open between the hours of 6:00 a.m. – 9:00 p.m. Central Standard Time, and shift to the hours of 7:00 a.m. – 10:00

p.m. during Daylight Saving Time. So, with the end of Daylight Saving Time, they now will open between the hours of 6:00 a.m. and 9:00 p.m.

If you would like to change the access hours, or remove all time restrictions, you can do this for keyboxes you have added to your inventory. Once added, select the keybox and then select Program Keybox. Change the start or end time by clicking or tapping on the time. When done, you will need to select to Program the keybox. You will need to be near the keybox and have the shackle code to do this.

GreenLight – New Real-Time Statistical Tool

We are excited to announce the integration of the GreenLight Statistical Program within our MLS. GreenLight tools empower agents to more easily find answers, make informed decisions, and leverage real-time access to discover insights within our MLS data. Access a multitude of statistical charts and graphs by clicking the Explore in SCWMLS DataPortal button below. (16 minute video on Paragon)

Rock County Housing Statistics

Madison, WI—Wisconsin existing home sales continued to slide, falling by a significant margin for five straight months. Homes sales fell 28.1% in February 2023 compared to February 2022, and the median price rose 11.7 to \$262,500 over that same period.

Not surprisingly, winter is a slow period for sales in Wisconsin, and the December through February period only accounts for 16.7% of sales falling 31.9% compared to the winter period 12 months earlier. The last time we saw such weak sales was 2012 as the housing market was just starting to recover from the Great Recession.

Joe Horning, 2023 Chair of the WRA Board of Directors, **LOWER AFFORDABILITY HASN'T SIGNIFICANTLY DAMPENED BUYER INTEREST:**

"Home affordability in the state has certainly fallen as prices and mortgage rates have both increased. However, buyer interest remains high, especially among first-time buyers in the millennial and gen-Z generations. We're still seeing multiple offers at or above asking price, and as a result, homes are moving quickly."

Michael Theo, WRA President and CEO tells us, **INVENTORY PROBLEMS LIMIT HOME SALES:**

"Although it is true that our winter home sales are at their lowest level in 11 years, the reasons for the weak sales now vs. then are very different. In the winter of 2011-12, we had plenty of inventory but very weak demand. Our current market weakness is due to very low supply even as demand remains solid."

Dave Clark, Marquette University Economist and WRA Consultant, **FIGHTING INFLATION NOW MORE DIFFICULT:** "The Fed's job to lower inflation just got tougher as several large banks began facing insolvency. Over the last several years, private banks increasingly used government bonds as an alternative to private lending when economic growth slowed. Unfortunately, bonds on their balance sheet lose value when the Fed increases short-term interest rates, and this so-called "interest rate risk" can lead to bank failure if the bank's portfolio isn't adequately diversified. With stubbornly high inflation, the Fed must now worry about creating a serious recession if it pushes interest rates up too high. The Fed needs to strike the right balance of lowering inflation without creating a deep recession."

February in 2022 it was \$195,000 that was an increase of +23.1% and the **Sales** for February 2023 is 101 and February of 2022 was 134 that was a decrease of -24.6%. In February of 2023 there was 1.9 months of **inventory** and in February of 2022 there was 1.9 that was a -0.0% change. Average **days on the market** in February of 2023 was 78 and February of 2022 was 81 that was a -3.7% change.

Statewide Housing Statistics—The median price through February 2023 is \$256,500 and through February of 2022 it was \$232,900 that was an increase of +10.1%. The sales through February of 2023 is 6,348 and through February of 2022 was 9,133 that was a -30.5% change.

All county figures on sales volume and median prices are compiled by WRA and are not seasonally adjusted. Median prices are only computed if the county recorded at least 10 home sales in the quarter. Beginning in 2018, all historical sales volume and median price data from 2015 forward at the county level have been re-benchmarked using the Relitix system that accesses MLS data directly. Data prior to January 2015 is derived from the Techmark system that also accessed MLS data directly.
