## MLS INFORMATION

**\*\*\*Check the Home Page of Paragon for more information on any of the following options.**

Updated Instructions for Supra NMA: Supra has streamlined Non-Member Access (NMA) for use with our keyboxes. NMA allows a non-member, such as an agent from outside our area, or a contractor, access to a single keybox by invitation of the listing agent. Information on granting NMA can be found here:

**\*\*\*Regarding Limited Service Listings:** If the only service that is not being provided by the listing broker for a particular listing is that of holding earnest money, that listing is not a limited service listing. We have clarified this via an update to our [Disclosure Form for Limited Service Listings](#).

**\*\*\*Hot Tip:** If you are still sending your clients legacy auto emails, please consider upgrading to Collaboration Center. Collaboration Center gives your clients access to their own website where they can save and organize their favorite, possible and rejected listings. Check on the Home Page of Paragon for information.

### Changes as a Result of Coronavirus (COVID-19)

**\*\*\*Showing Default Set to No Overlap:** ShowingTime has changed the default for all listings to not allow overlap showings. This default setting can be changed for all listings within an office, for an agent, or listing by listing via the Office, Agent, or Listing setup options within ShowingTime.

**\*\*\*Virtual Open Houses:** To accommodate virtual open houses, we have added a new field for links to live virtual open house sessions. This new field can be found within Listing Add/Maintain, directly before the Open House Date and Time fields. Public website providers such as Zillow, Realtor.com and Homesnap are now pulling info for virtual open houses from this new link, and are removing all url links as previously added to public remarks. *Please note that Realtor.com allows virtual open house links only if they are set up on the following platforms: Zoom, GoogleMeet/Hangouts, Webex, BlueJeans, Join.me, Zoho meeting.*

**\*\*\*Virtual Showings:** Consider sending an email to your buyers letting them know you are willing to show them property virtually. If a seller is allowing showings, you can use your smart phone and an app such as FaceTime, Zoom, GoToMeeting, JoinMe or Skype to take your buyer on a live virtual tour.

**\*\*\*Show Date Optional:** Show Date is now optional for properties in the status of Delayed. In addition, the requirement to enter a Show Date for active listings, currently not available for showings, is also optional. If you have an active listing for which the seller has requested to suspend showings for an unknown period of time, simply add

NO SHOWINGS in the first line of the public remarks. If you are comfortable with a date showings will be allowed, please enter it.

**\*\*\*New Addendums:** The WRA has created [Addendum CV](#) to assist you in addressing closures of government entities/settlement service providers, as well as required isolation of parties to the transaction. The WRA has also created [Addendum CVSI](#) which outlines safety precautions and addresses liability.

*Thank you, Sue*

## Rock County Housing Statistics

**Madison, Wis.** —The dramatic slowing of the economy to reduce the spread of the COVID-19 virus decreased home sales in April even as prices continued to rise. Existing home sales fell 6.9% in April, compared to April 2019 whereas the significant tightening of inventories drove the median price up 9.7% over the past 12 months to \$214,000. Year to date home sales remained in positive territory after a good start to the year, median prices continue to rise on a year to date basis.

Since the time from an accepted contract to a closing can be four to eight weeks, it's only now that we're seeing the effect of the coronavirus on monthly sales. Closings that took place in the second half of April could have been under contract in mid-March, around the time around the time the national emergency was declared. It's going to get a lot worse over the next few months, which unfortunately is our peak sales period.

Our inventory problems got much worse over the last month, and that is continuing to drive home prices up. On every measure tracked by the WRA, inventories have fallen significantly.

What is surprising, however, is that housing affordability is unchanged over the last year, thanks mainly to historically low mortgage rates.

The prospect of a V-shaped recovery is diminishing given how quickly unemployment has spiked. Even as much of the state economy begins to open up now that the Stay at Home order has been struck down by the Wisconsin Supreme Court, it will be a gradual process.

Although sales levels will be lower the next few months, there are still buyers taking advantage of these historically low rates. REALTORS® are following all CDC guidelines and taking all necessary precautions to ensure the safety of buyers and sellers. There continue to be great opportunities even during the pandemic and a REALTOR® who is experienced can guide you safely through the process.

**Rock County Housing Statistics**—The **median price** for April 2020 is \$169,000 and for the month of April in 2019 it was \$150,000 that was an increase of +12.7% and the **Sales** for April 2020 is 169 and April of 2019 was 193 that was a change of -12.4%. In April of 2020 there was 2.9 months of **inventory** and in April of 2019 there was 3.6 that was a change of -19.4%. Average

**days on the market** in April of 2020 was 87 and April of 2019 was 93 that was a decrease of -6.5%.

**Statewide Housing Statistics**—The median price through April 2020 is \$214,000 and through April of 2019 it was \$195,000 that was an increase of +9.7%. The sales through April of 2020 is 5,900 and April of 2019 was 6,337, a decrease of -6.9%.

All county figures on sales volume and median prices are compiled by WRA and are not seasonally adjusted. Median prices are only computed if the county recorded at least 10 home sales in the quarter. Beginning in 2018, all historical sales volume and median price data from 2015 forward at the county level have been re-benchmarked using the Relitix system that accesses MLS data directly. Data prior to January 2015 is derived from the Techmark system that also accessed MLS data directly.

## The BADGER BOUNCE BACK PLAN

On April 20, 2020, Gov. Evers introduced a plan to reopen the state economy, called the "Badger Bounce Back" plan. The plan is based upon guidelines established by the "Opening Up American Again" plan for safely relaxing social distancing requirements, and would allow business to reopen in several phases based upon a reduction in COVID-19 cases and deaths and an increased capacity in our health care system. Specifically, the Bounce Back plan would open the state's economy in three phases: **Phase 1** would allow gatherings of up to 10 people, enable restaurants to open with social distancing requirements, and lift some restrictions on retailers. K-12 schools and child care would remain closed. **Phase 2** would allow gatherings of up to 50 people and would enable restaurants to open at full capacity, bars to reopen with social distancing requirements, and colleges and technical schools to reopen. **Phase 3** would allow businesses and gatherings to resume as normal.
